Homework Policy 2018

Aims

- A. To achieve desired educational outcomes primarily within the school day.
- B. To allow time for students to play, rest and have interests outside school.
- C. To cater for individuals.

Principles

- A. We do not set homework as a regular part of the school curriculum as we respect children's rights to uninterrupted family and leisure time outside of school hours.
- B. We encourage all students to read with their parents or to themselves on a regular basis, daily if possible.
- C. Homework may be set at the discretion of the class teacher provided it is purposeful and relevant to the student's needs.
 - 1. Examples or situations in which homework may be set include learning lines for a play, research for projects, catching up on important work that has been missed, or gathering data for an experiment or analysis.
 - 2. Time spent on homework should not jeopardize a child's right to enjoy a balanced lifestyle.
 - 3. Homework may be utilised to support students' Intervention or Individual Education Plan goals. In these situations, it is expected that staff will provide appropriate tasks and parents/guardians will ensure homework is completed.
