

Harry

I'm a boy and I am eleven and I have a lot of friends, mostly in my class, like Ben, Callam, Stephen, Wara, Wylie, Louis, Michael, Aquilla, Willow, Cormac, Shaquille and Jade. And in the other class, Will and Milla.

My favourite colour is green, my favourite class is probably science and my favourite teacher is Fran. My favourite food that my mum makes is tuna mounay and my dad's is vegetarian lasagna. My favourite dessert is when my dad's friend brings over lamingtons and cream, it's yummy. My favourite game I like to play at school is Small Area Zombie, or SAZ, as my dad calls it; it's a version of chasey. I like to ride ripsticks; they are hard to ride but I am used to it now. My favourite animal is a bandicoot and my favourite TV show is The Mighty Boosh. My favourite computer game is Maple Story. My best friend is Will; I go to his house a lot. My favourite friend who has left the school is Leon.

My favourite thing we have done this year is Landsdale camp; I loved playing with the animals. Other great things this year were creative writing with Kevin and gym (gym is always fun).

Zamus was my favourite pony at Landsdale.

I found a brick on Clean Up Australia Day.

I drew a picture of Phar Lap, which was my rough copy, but it was better than my actual copy, as seen in the last year book.

These are my beagle puppies, Cleo and Danny. They are cute.

Billy and me riding roller blades and pushing bins for fun.

My dad helped me build a fighter jet out of the origami book – not meaning I folded the origami book into a fighter jet...

I wore a sombrero on Melbourne Cup Day, but it got too hot and I took it off.

We played a game where you had to put your feet together and swing around and try not to fall over.

I made a colourful mandala.

We took Sylvia in for Pet Week and she was scared. It hurt.

We made little puppet things in art with Geraldine.
