

# Jade

My name is Jade. I am eleven years old and was born on a farm east of Narrogin on the 2<sup>nd</sup> June 1997. I am in year six and have been at Kerry Street all my school years. I am very upset because I have to go to a school in Narrogin that I hate but next year I might be able to come to Kerry Street camps and hopefully graduate from Kerry Street. But I will be able to make more friends in Narrogin while hopefully still seeing my Kerry Street friends.

I have loads of friends at this school like Callam, Willow, Ben, Michael, Wylie, Stephen, Louis, Aquilla, Shaquille, Harry, Cormac and Wara.

At Piney Lakes we played sardines; I hid in the boat and this is the boat's wheel. Callam and I went to a big hill and he brought a skim board to slide down it on. We also did a lot of bike riding that day.

Camp at Landsdale was amazing fun, like all Kerry Street camps, because we got to help feed the animals and clean out all their cages. The animal I liked there the most was a kid called Lily.

At camp Geraldine brought a big ostrich egg. I had a lot of fun beating it but it turned out I didn't like the egg though it seemed like everybody else did.

Otis wanted a ride.

Stacey and Martin taught us drumming this year and took us to the Be Kids Community Fair, where we played a few different rhythms.

On the day of the Melbourne Cup I forgot to bring a wacky hat so I quickly made one.

I have not been at an Options Day for four years and this one was as much fun as ever. I nearly managed to have a go at everything that was provided. Here I am in Kath's group making a gratitude tree...

These two angels I made in Options with Hannah, Williams' grandma. Wylie made four. These angels are probably the best thing I have ever made in Options. One time in Options Ben, Callam and I made a huge marble track out of recycled junk.

...and here I am making biscuits.

Callam and I are making a terracotta fruit bowl mosaic that has different fruits in the design.
