It's fun when I play with Liam with the rail tracks and trains.

It was soft holding a duckling.

I didn't put anything on my hat because I felt like it plain.

The Christmas cookies tasted good.

We were looking at the pond at Piney Lakes.

I am the handsome prince, not the frog.

I am playing with the water with other people at camp.

I am playing Spiderwick Chronicles with Connor but Connor is not in the picture; he is ahead of me.

I am happy when I am playing a game and Mum says I can still play.

I'm sad when I'm playing a game and Mum says I can't play any more.
