

Katie

Hi, I'm Katie. When I came to this school the first thing I did was camp. I met lots of new friends on camp.

On the weekends I like going somewhere with one of my friends or going to the beach with my dog, Duke, and my sister, Lucy. I like going out for lunch.

On the first day of camp it was so hot; it was thirty degrees. Then the sprinklers came on; everyone was getting wet.

On camp we went to the beach. The water was cold and everyone went swimming.

At camp we were getting the ponies ready for the cart ride. Me and Milla brushed Zamus.

At our cottages there were swings; me and Carnie were always swinging on them.

There were lots of mulberry trees; we picked the mulberries and made mulberry muffins.

Aeron, Carnie, me and Milla were eating oranges and Tom said he had to take a photo.

I did cooking and felting on Options Day. We had to put lots of flour on the table because it was sticky. Evie had lots of flour on her dough; it was covered. The cookies were yummy.

My favourite things to do on camp were feeding the animals and the Nightstalk. Camp was really fun!!!

We went to Bibra Lake for an excursion with Eric McCrum. He taught us a lot of stuff. When we got back we all did some facts that we learnt with Eric about swans.

We went to the Subiaco Arts Centre to see Broom Broom. At lunch time we played on the playground. Me and Carnie are on the tyre. Tom is pushing us.
