I went to Big W and there was a dog singing rock and roll Christmas songs and his ears were flapping all the time. We went to the shop to buy things for Christmas and we bought some stuff for the tree and a shining silver sparkly star for the top of the tree.

It was really hot, I had to take my shirt off, I got so hot and I remembered I had to have a drink. I was so having fun, and it was spooky going through the valley.

I was eating an apple because I was very hungry. I like apples and bananas and oranges and peaches and raw broccoli; I eat it raw but I don't like it cooked.

I was doing a funny face to the stink bug.

The ducks were very wriggly for me. That one was trying to get out of my hands, it was flapping to get out; it wanted to get to its mum and dad in the pond. It was so funny because I was relaxing holding it and looking at the camera.

There were buckets on our head. We were playing this game where we used cricket bats for swords. I am excited because I am going to Connor's new house.

The felting was really fun because I made this little man with a star on top and there was heaps of midges around him; midge tornadoes.

It was very great at camp. The honky nuts, I had too many and I dropped them all.

It was so fun having footy. The side kick is actually faster than the front kick, it makes the ball go faster on the ground. I was so good at it because I am at Dockers and I am at karate.

I was so happy I was eating.

I was telling news about a surfing thing and Sage had a skateboarding guy and my surfer guy, he was on a surfboard and I was surfing him at Hungry Jacks. That orange one is Sage's because I didn't know where my model was.

The cookies were really fun because I was having fun doing the shapes and I was doing one but they were actually gingerbread men. I did a gingerbread man for Santa; I hope I didn't eat it. I was having fun doing those cookies.

Did you know on the parade we were on TV? Mum was looking at the camera but I was pretending the camera wasn't there. That's what you have to do on TV.
