

Phoenix

This is me when I made a map

I like to play on the monkey bars with Cove.

The pony took us for a ride.

That is me and Cove and that's Will.

This is me when I'm climbing the tractor.

This is my writing about a dinosaur.

We went to Kings Park and we got to hold the hawk.

That is me riding down the playground.

I made a ship out of boxes.

This is me when I filled my shirt up with sand.

It was fun playing dodge at gym.

This is me holding the water for the rabbits' cage so the rabbits can drink.

This is me when I made a tower.

That is me when I was holding an egg.

I was looking at the bobtail at the zoo.
