

Lunch Roster Term 1 2009

Rachel (9314 6358) is in charge of the lunch roster and Kara (0424 036 046) has recipe and quantity ideas for lunch and is in charge of school lunches in general, if you have any questions. She is happy to help out new parents who are unsure what to do.

Please write your day for lunch in your diaries NOW.

If the day does not suit you, swap with someone or prepare something for the freezer that we can eat on the day.

Mondays and Fridays we will be providing our regular type of smorgasbord of fresh veggies, ham, chicken, tuna, feta and other delicacies. If anyone has suggestions for anything please tell Kara.

Tuesday and Thursday we will be having our delicious parent lunches.

Wednesdays you need to provide a packed lunch for the park.

Cleaning Roster Term 1 2009

Someone (unknown as yet – volunteers welcome) is in charge of the cleaning roster and cleaning in general, if you have any questions. In the meantime ask Kath or Fran.

Cleaning supplies are in the cleaning cupboard (next to boys' toilet), clean rags are under the kitchen bench, brooms and mops are next to the girls' toilets. Sometimes mops and mop buckets get left outside to dry. What to do is a question answered in the parent handbook, but floors, toilets, bins and kitchen are a minimum. Basically, it is make the school look nice and feel clean for our children and for us.

There is a cleaning key in the safe (all teachers, Ariane and some others know the code to open it) or Zelda still has a key (51 Starling St, just around the corner, call her to make sure she is home so you can pick it up 9335 8759).

If you can't do your cleaning on this day, please swap with someone or pay someone (\$25 per hour). The people who might like to be paid to do your cleaning are Carolyn, Konaquin or Penny (I hope this is right, if anyone else wants to be put on or taken off this list, let me know). If all else fails, call Kath for advice.

If you do not do your cleaning or arrange for someone else to do it, the school will pay someone to do it (rather than the teachers and generous volunteers trying to do it roughly before school). The cost of this will be added to your fees automatically (likely to be around \$75 to \$100).

One of the avoidable reasons for the cleaning not getting done is miscommunication. So please, telephone or catch up with your cleaning partner and make clear arrangements. If there is a problem with cleaning supplies, please let Kath know. Please make sure the cleaning key goes back in the safe.
