Term Three
Week One
2009

Hi Folks,

Welcome back everyone. These holidays we've once again been a hive of activity. The storeroom is now empty thanks to Peta and Minn, they starting the ball rolling. They packed, marked and organised boxes into an ordered fashion. On the weekend the busy bee went into full swing and shelving units and heavy stuff were moved and all those organised boxes were relocated. Sheds were moved and repacked. Thanks a million to all those that came and helped without your help we just couldn't function effectively. Many thanks to Nikki and Andrew for coordinating the weekend. We all came together at the same time and got heaps done. Well done you're all fantastic.

We say good-bye to Anwyn, Peta and Jason we wish Anwyn all the best at her new school, we will soooo miss all that fantastic energy Peta has put into our School. We also say good-bye to Jacob he is being homeschooled by Jenny this coming semester. We will definitely miss Jacob, Jenny, Sean, Michelle, Sam and Lilly. We also wish them well and thanks for all the fantastic energy they put in this last semester.

News from Peta.

Hi All,

Excellent news we have been successful in obtaining 4 dates to man the lower spinner at Melville Rotary Club Sunday Markets. They are the 9th of August 2009, 27 December 2009, 21st February 2010 and the 25th of April 2010. Basically it will involve sitting in a chair next to the lower money spinner, saying hi to people and making sure no one parks in a no parking zone. Everything is organized for us (except the chairs) and we can raise between \$250 -\$500 for one Sunday morning work. The Melville Sunday Markets run from 6am to 11:30am and I thought that two shifts of two people would work the best. The first shift 6-8:45am then a quick change over and then 8:45-11:30am. So please let me know who is interested in helping with this. I am sure if we make a good impression that this could lead to a permanent arrangement for fundraising. Contact me on 9418 8121 or by e-mail petaandjason@virginbroadband.com.au.

Thanking you Peta (Anwyn's Mum)

Cleaning supplies are in the cleaning cupboard (next to boys' toilet), clean rags are in the kitchen pantry cupboard, brooms and mops are next to the girls' toilet. Sometimes mops and buckets get left outside to dry. What to do is a question answered in the parent handbook, but floors, toilets, bins and kitchen are a minimum. Basically, it is make the school look nice and feel clean for our children and for us.

There is a cleaning key in the safe (all teachers, know the code to open it) or Zelda has a key (51 Starling Street, just around the corner, call her to make sure she is home so you can pick it up 93358759.
